

RECITATION  
STATISTICAL INFERENCE

INFERENCES ABOUT  $\mu$   
CONFIDENCE INTERVAL ESTIMATION USING  $t$   
ONE-SAMPLE  $t$  TESTS

First:

Collect homework due today.

Handout homework solutions.

Review one or more homework problems, as needed.

Then:

Explain difficult concepts from the lecture.

Today's recitation will be used mainly to review and explain the homework problems.
